Program

5 NOV

MedTech Twente: Explore & Connect - fact-finding trip

10:30 - 17:00

A pre-event, especially for foreign companies and clusters before the TechMed Event, showcases the heart of MedTech innovation in Twente, from leading innovators and groundbreaking research to state-of-the-art facilities and a rich knowledge network. Including a welcoming lunch, guided TechMed Centre tour, MedTech Twente tour. A full-day program full of networking opportunities and knowledge exchange could result in new strategic partnerships. We put together the program based on the interest of the participants. It is not part of the partner packages.

Exchange Dinner

Let's Unite towards a Bright Future of Healthcare & Hospitals

18:30 - 21:30

Why change a winning concept? Unless it's to make it even better. Join us for the fourth edition of the exclusive Exchange Dinner, where we're adding new dimensions to an already successful formula. This evening, we'll unite leading MedTech corporates, innovative startups, and international MedTech companies participating in the Fact-Finding Trip to explore and discuss the future of hospitals and healthcare. This is more than just a dinner—it's an opportunity to connect with top industry leaders and visionaries. As we savor a multi-course meal, you'll rotate seats with each course, ensuring dynamic conversations and valuable networking throughout the evening.

6 NOV

MedTech Twente Community Breakfast (*The Gallery*)

7:45 - 9:00

Connect, Collaborate, and Cultivate at our Community Breakfast. We'll share pivotal updates and celebrate the milestones achieved in community building, internationalization, and brand awareness. Leaps towards establishing MedTech Twente as the cornerstone of healthcare innovation.

The TechMed Event (*TechMed Centre*)

9:00 - 18:00

Following our breakfast, the path to innovation continues as we seamlessly transition to the TechMed Event. Leading stakeholders will come together, including healthcare professionals, companies, researchers, investors, talented students, administrators, and healthcare organizations. By stimulating interdisciplinary collaboration, we share knowledge, promote innovation, and create a roadmap for a sustainable future in healthcare. Bridging past and future: five years of MedTech advancements and beyond.
